Memo.

I beg to state that there is an old building site belonging to the Palace at Melkote. It is situated close to the Temple on its southern side. Being an abandoned site, people have been storing filth and rubbish and otherwise committing nuisance on it. Weeds and noxious plants have grown there- and they afford shelter to venamous reptiles. If it is not in contemplation to utilize this ground in any way for Palace purposes at present I would respectfully suggest that it may be granted to the Temple on the condition that the ground should be cultivated with flowers and the same used in worship of the deity, with the reservation that it is liable to be resumed whenever it may be required for Palace use. If this proposal is kindly sanctioned I shall put the work in hand and form a small flower-

garden

garden there with the Temple funds.

2. Some old building materials belonging to the Palace are stored in one or two rooms in the Temple of Narayanaswamy. If sanction is accorded for their sale, I shall cause them to be sold by public auction and remit the sale proceeds to the Palace Controller.
